There is no document found.

Cause

The 4 fields of the free selection are connected to each other via an AND link. This means that a document is searched which has the document number 1111111111 and also the document numbers 2222222222, 3333333333 and 4444444444. With this selection no document can be found.

Resolution

Each database field can be entered only once in the free selection. Use intervals instead of single values or exclude the values which are not desired by the selection.
