Dear Satish Ji

As discussed with you for avoiding confusion, Please check below my comment in highlighted text.

- **ZMM049 - is applicable for PO created before 25.01.2025**
-This will now applicable for Date 31.12.2024 on and before this date.
- **ZMM049_N - is applicable for PO/WO created on or after 25.01.2025**
-This will be keep as it is and applicable to PO/WO on date 01.01.2025 and after this date.

Hello Satish Ji

Thanks for your mail, Now we are proceeding with this new requirement and also please check below my comment

- **ZMM049 - is applicable for PO created before 25.01.2025**
-Previously there is no validation for this.
- **ZMM049_N - is applicable for PO created on or after 25.01.2025**
-Previously as per trail mail 12.24.2024 from your end the validation for the same is from date 01.01.2025 now changing to 25.01.2025.

Good Morning Rushikesh

In continuation to my trailing email and discussion held with you & our team, request you to please put a validation for following T-codes:

- **ZMM049 - is applicable for PO created before 25.01.2025**
- **ZMM049_N - is applicable for PO created on or after 25.01.2025**

@Pritam, please circulate all the users of Zmm049 & ZMM049_N to follow strictly the procedure mentioned above .

With Regards

Satish Singh

On Tue, Dec 24, 2024 at 11:54 AM Satish Singh <satish.singh@vishvaraj.in> wrote:
Good Morning Rushikesh

We have discussed internally and ok with both the T-Codes with following conditions:

1. Open PO/partial PO which JMR and SES is already exist will be proceed with T-Code ZMM049 ;
2. For New PO will be proceed with new T-code ZMM049_N with **Validation condition that new T-code ZMM049_N will be applicable only for New PO created from 01.01.2025**

So with the above validation conditions you can move TR to PRD.

We can discuss in case of any further query / clarifications.

Dear Rushikeshji,

Testing for JMR date section has been done from our end and everything is ok so we can move it to the production server but we will keep it under observation for a week in production server.

Subject: Re: ZMM049 - Testing

Hi Pritam

As discussed in meeting, We have done the changes. Please proceed for testing on the QAS and confirm on the same.

1- If JMR date has been selected for date E1 to E30 then user created SES upto 25. If he add new line then in previous line 26 to 30 will be editable but it will allow to decrease qty not increased

2- If some reasons user deleted SES then that JMR date should be editable and only allow to decreased qty

3- If in current line date selection if JMR date selected and save once. Then user will allow to decreased qty not allow to increased

Subject: ZMM049 - Testing

Dear Rushikeshji,

Observation –

As we can see in the attached image, SES qty are not getting reduced from the PO qty

PO QTY - 30

JMR qty – 4 (as per line item)

Thanks & Regards,

Pritam Pachupate (+91-9004997360)
