

# 2575241 - FBV6: Reject and Release options are not available

<b>Version</b>	2	<b>Type</b>	SAP Knowledge Base Article
<b>Language</b>	English	<b>Master Language</b>	English
<b>Release Status</b>	Released to Customer	<b>Category</b>	How To
<b>Component</b>	FI-GL-GL-W (Preliminary Posting/Workflow)	<b>Released On</b>	11.12.2017

Please find the original document at <https://launchpad.support.sap.com/#/notes/2575241>

## Symptom

You would like to reject or release a parked document in transaction FBV6, but neither of these options are available.

## Environment

- Financial Accounting (FI)
- SAP R/3
- SAP R/3 Enterprise 4.7
- SAP ERP Central Component
- SAP ERP
- SAP enhancement package for SAP ERP
- SAP enhancement package for SAP ERP, version for SAP HANA

## Cause

When the document is not blocked by a release workflow (field VBKPF-XWFFR is not marked in document header), the options to release or reject the document are not relevant.

## Resolution

This is the standard system design.

When "Release necessary" (VBKPF-XWFFR) is not marked, FBV6 degrades to a simple display transaction.

Message FP115 (Document not relevant for release) is shown to notify the user of this fact.

## Keywords

FBV6, release workflow, workflow, reject workflow, reject, release, VBKPF-XWFFR, XWFFR, release necessary, FP115, FP 115.

## Other Components

Component	Description
FI-AR-AR-W	Preliminary Posting/Workflow

FI-AP-AP-W	Preliminary Posting/Workflow
