Hi Mrunal

Please note the below process to get / provide access in SAP System for any user.

Raise the incident in VOICE Tool - Oasis and share the incident number along with below details.

- Requirement of Access in SAP with Plant Details & SAP User id
- Proper approvals respective Cluster Head and HOD.

The above process is in practice and followed by every one for getting Access in SAP System, it is for internal information and records.

Let me know if you need any assistance.

Regards

Vivek Chopade
